

Whiteshell Provincial Park – Pointe Du Bois

A very nice 1000 square foot, two bedroom, four season home on a large well treed lot in Pointe du Bois. This solidly built home, has a large stone fire place in the living room and a wood burning stove off the open kitchen/dining area. Enjoy the large screen gazebo at the rear of the house on those quiet summer evenings. A short walk through the woods to a boathouse and dock provides quick and easy access to the lake. A large two car garage with an upstairs guest area completes this very nice opportunity for a permanent home or a summer get away.

A perfect opportunity for a family get-a-way!
